

COMMUNITY IMPACT PROGRAM

A MULTI-DAY EXPERIENCE BUILT AROUND INSPIRATION, ACTION & SERVICE

Bringing schools, families, churches, healthcare residents and the entire community together.

MORE THAN A PERFORMANCE

Community Impact is a flexible, multi-day outreach designed around the needs of each host community. It combines high-energy entertainment with personal encouragement, service and meaningful connection - creating an experience that reaches far beyond a single event.

A COMMUNITY-WIDE APPROACH

- School assemblies and student presentations built around Attitude, Purpose and Passion.
- Visits to healthcare centers, nursing homes and other residents who may not be able to attend the main event.
- Family-friendly motorcycle stunt performances featuring Bryan and participating pastors.
- Faith and community outreach, baptisms and a closing community church service.

WHY COMMUNITIES PARTNER

- Draws families and visitors while supporting local businesses, lodging and community visibility.
- Connects civic leaders, schools, churches, healthcare providers and residents around one shared experience.
- Customizable for festivals, downtown districts, historic venues and community celebrations.
- Professional presentation backed by decades of experience, insurance, safety planning and zero spectator incidents.
